The complaint in this action was filed on June 13, 2013, and an order of service was issued on June 20, 2013. However, service on the defendants was never effected. By letter dated October 30, 2013, I advised the plaintiff to submit within two weeks a letter setting forth any reasons why the action should not be dismissed. Ms. Anthony responded, indicating that she was unfamiliar with the legal requirements. Accordingly, I issued a Memorandum Endorsement dated November 13, 2013, extending her time to effect service until December 31, 2013. At that time, I stated that no further extensions would be granted, and I directed the plaintiff to contact the Pro Se Office of the Court if she required assistance. Service still has not been effected; instead, Ms. Anthony sent a letter dated December 31, 2013, attaching papers that apparently relate to a different case she filed in this Court (13 Civ. 4519
